### DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### *Claim Rejections - 35 USC § 102/103*

Claims 1-7, 10, 12-19, 22 and 24 stand rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Laustsen of record for reasons of record.

#### *Response to Arguments*

Applicant's arguments filed 8/8/06 have been fully considered but they are not persuasive.

Applicants argue that the Laustsen patent does not reasonably disclose the claimed invention, because the Laustsen patent teaches a completely different molecular weight cutoff range for the separation membranes relative to the retention membrane.

The patent discloses a range of values that fall within the claimed range and does not limit the reference to a preferred embodiment (see col. 7, lines 5-30). Indeed applicants specification has no teaching that the range has to be less than three times, rather the support seems to be from the values of the membranes.

Accordingly, the claims of the instant application would have been reasonably encompassed or in the alternative one having ordinary skill in the art would have been led by the disclosure to use a workable combination of membranes to obtain the removal of a biological contaminant.

Therefore, the claims stand rejected.

*Conclusion*

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
